DAILY MEAL FOR PRESCHOOL

WHY US

7+ YEARS OF EXPERIENCE

We are a catering service company that had served more than 100,000 guests since incorporated. Our central kitchen is capable of preparing 2,500 pax of meals every day.

BALANCED DAILY MEAL

Some kids just don't eat healthy food. Therefore, we curate balanced meals that kids will eat. For example, our rice is mixed with 20% brown rice and 80% white rice.

CLEAN & COMPLIANCE

Every month, we will run a quality assurance test to ensure SOP is met by our staff. Besides that, all of our kitchen facilities are registered with the relevant authority.
